Subject: Follow-up to IOAA IRIS Handbook briefing
Attachments: IRIS Handbook 1.0_September2018_techeditedCLEAN.docx

Hello Jennifer, David, and Bruce.

As requested, I wanted to follow up with the link to the 2018 NAS report on their review of the IRIS Program (there is a free full pdf download, or you can peruse the individual chapters/appendices):

<https://www.nap.edu/catalog/25086/progress-toward-transforming-the-integrated-risk-information-system-iris-program>

I have also attached the most up-to-date version of the draft Handbook. This version addresses several 2018 Agency review comments. I have accepted all tracked changes (hopefully this does not introduce any formatting errors or sentence fragments), but you may still notice a few yellow highlights throughout the document where we are in the process of providing hyperlinks or clarifications.

Thank you for meeting with us earlier today, and please let us know if you have any additional questions or requests.

Best Regards,
Andrew
